The Universal Certificate is for use in Virtual Galas as an award supplement or replacement for the cost and distribution of conventional medals.

It is in basic form allowing the club to annotate it, before printing. Name your Club and the swimmer, the event number for which the award is being made, the swimmer's rank position and event time (m:ss.ss); PB may be added to the time if applicable.

Allocation is entirely a matter for the club. It can be to swimmers in the conventional first three places but numerals 1 to 6 in the position slot will indicate rank up to sixth place.

Personalisation can be done by replacement of the swimmer icons by Club photos.

Multiple copies may be made on request, of course!
